

THE CORE DISCIPLER GUIDE

HOW TO USE THIS DISCIPLER GUIDE

We want to help you get the most out of your short time with students during small group this week. This worksheet is designed to help you transform your small group time into an intentional space for discipleship.

As you prepare for small group, walk through the “Getting Ready” section of this worksheet alongside the lesson Facilitator Guide. The questions will help you consider what aspects of the material to focus on and which parts of your story to share.

Following small group, use the “Follow Up” section of this worksheet to debrief your time and create a plan to hold your students accountable throughout the week.

For additional training, please reference the Tips and Training pdf for general tips about and the Leader Prep Videos for each root.

THE CORE DISCIPLER GUIDE

GETTING READY

Determine what aspects of the lesson to focus on & which parts of your story to share.

1. Read the overview paragraph and in your Facilitator Guide for this week's lesson. Why is this an important message for your students to hear right now?
2. Who do you need to focus on building a relationship with during this week's small group? Why?
3. How does the passage described in the "What The Bible Has to Say About It" section connect with your own story of redemption?
4. Looking at the "Apply It" section, what are some examples of practical applications for your students following this lesson? How could you help students make their applications more specific?

FOLLOW UP

Debrief your time and create a plan to hold your students accountable this week.

1. Were you able to take steps toward building a second-level relationship with any of your students? Remember, a second-level relationship is one where you know something about a student's feelings, fears, and/or faith.
2. Write down the specific applications of any of your students.
3. How will you hold them accountable this week?
4. How can you reinforce this lesson in the future?
