

Hey gang!

Congratulations, you (or your student) has been selected by our FBC Sayre Students Super Summer Panel to represent our church and student ministry at Super Summer Camp this year! Thank you for participating in the interview process, we believe that you are a leader, and we want to pour into you to help you continue to grow into the leader God intends for you to be. I am super excited that you will be participating in Super Summer this year!

*****Please read this document in its entirety before attempting to register yourself (student) or your child! *****

It will benefit you, both parent and student, if you register together. Registration time will vary but should only take 15-20 minutes after watching the video tutorial mentioned below. Things you may need to gather before beginning the registration process:

1) current insurance card information, 2) shot record information (last Tetanus shot), 3) your parent/student.

Below is our church's Group Hold ID information for you to use to get the registration process started. Participants will go to the Super Sumer website for the "Registration link" to begin their online registration process for camp. Our Group Hold ID will expire on April 30th, you have until Thursday, April 28th, to complete the online portion of registration. However, I would not wait until then to complete your registration process. **The deadline to complete your online registration process is April 28th, please complete it as soon as possible to ensure our group will have a spot.** Registration is on a first come, first serve basis and our time is running out.

Session	Program	Group Hold ID	# of Holds
2022 Week 2	Student Wk 2	2880631512	10

Below are the steps you and a parent will need to take to complete the Super Summer registration process. I have also added a direct link to the Super Summer student registration page and a step-by-step video guide on how to register as a student, you can access this here: [SS Student Registration](#). **Parents if you made an account last year, you will use the same account username and password as last year. If this is your first time registering for Super Summer, you will need to create an account first to register your student(s).** Trust me, this will eliminate the redundancy of you having to fill out duplicate information especially if you are registering multiple students.

First-time campers are recommended to watch the registration tutorial video before beginning the process of registration. *Just remember that you will be registering*

as a *STUDENT!* A parent *MUST* setup an account first, then add a participant (student) to the parent account. Follow the steps below to begin registration:

1. Click on the [SS Student Registration](#) link to begin.
2. Read all instructions and watch the SS Instructional Video to help guide you through the registration process.
3. Setup Parent account and follow the prompt. Take your time and read directions. **(Write down or remember your login information...I will not have access to this.)**
4. Once your Parent account is setup, you can then add your "Participant" or student. Complete the required information.
5. If you have multiple students attending, repeat the "Add Participant" process and complete the information. Returning parents/students from last year, your information should still be in the database. Please review all previously stored data to be sure it is correct. Repeat the process if adding a second "participant", just be sure that you select the correct participant name. If only registering a single student, you should be finished.
6. **We will NOT have to upload a pdf of your insurance card to complete registration this year, but will still need a copy of your insurance card to go along with your FBC Sayre Medical Release Form.**
You may text or email a picture (Front & Back) of your card or you may stop by the church office and we can copy it there.
7. Download/Pick up a [2022-2023 FBC Sayre Medical Release](#) Form from our website, the church office, or simply come fill one out at our Falls Creek Sign Up Party next Wednesday, May 4th at The FBCCC from 6-8pm.
8. If you have questions or have any trouble at all, please contact me and I can help you navigate the registration process or get the answers you need. I know this is a lot of information and I apologize for that but I'm trying to make this as smooth of a process as possible. This is just the second year since Super Summer has moved to an all-online registration system, so smile and ask questions and I'll be happy to help any way I can. I'm really looking forward to seeing all that God will accomplish in and through our Super Summer students this year!

Here to help,

Stefan Valdez
